COVID-19 has impacted all of us in many ways. At Hallmark Youthcare, we have proactively stayed in front of the issue by developing a taskforce which created strategies to keep our staff and residents safe. Over the course of the year, Hallmark Youthcare has kept current with the ongoing pandemic by consulting with CDC and the local Virginia Health Department.

As vaccines become more and more readily available, Hallmark Youthcare has lifted many restrictions. We will continue to ask visitors to wear masks while in the facility to ensure safety.

We offer our thanks to staff, residents, families, and state agencies for their understanding and flexibility while we adjust back to normal.

Sincerely,

Brian Chizuk, LCSW
Assistant Administrator and Clinical Director
